"I've learned to trust myself more. I'm the only one holding me back. I'm getting stronger and more confident in my leadership and influence."

"I am now able to identify when and why I am not effective with my team, suppliers, and customers. I have learned to use the tools from this program to work through barriers and achieve results."

LEADERSHIP DEVELOPMENT COMMUNITY 2022

Transformational leadership is possible, and we can help you get there. With an in-house Leadership Development Community you and your leaders will experience the most innovative leadership development program for leaders.

Since 2002, Leadership Outfitters has found that Leadership Communities recognize and develop a growth mindset in leaders, fueling their success and contributions. The synergy created in this vibrant learning approach enhances each participant's leadership. New tools. New practices. New skills. Wonder if this is for your company's leaders? Here are a few of the reasons leaders will want to join us:

- They want to transform their good leadership to great leadership, and need new ideas.
- They want to more effectively leverage the strengths on their team.
- They want to find out how they get in their own way unconsciously and change that.
- They want to exude confidence and composure when under pressure.
- They have been selected as a successor to a more senior position and would like to improve their viability for success.
- They have a habit they want to change, but don't know how.

"I've been approached by people who ask what I've been learning, how they can learn about what I've been doing, and how I can help them with some of their own learning. I feel more in control and empowered, and far less frustrated with myself, seeing things at work from different perspectives without feeling threatened."

-Senior Director

OUR INTENTION

The Leadership Development Community embraces this belief: learning takes place when in a community of peers, sharing input from everyone, not just the program coach. It's in group coaching that we foster connections to receive insights and to contribute to each other's leadership and business mastery. It is a community in the best sense of the word.

This is a transformational process that ignites your personal effectiveness as a leader because it is application focused and customized to your needs as a business leader.

"Leadership Outfitters' communities are a wonderful blend of self-understanding of others, and practical tools that can be used right away to improve effectiveness. She creates a safe space to learn."

"Looking back at where I was and looking at where I am now, the difference in me is unsettling! I have made a shift and it comes from the heart. It's amazing what happens when I take off my lens of judgment and fear, and put on one of curiosity."

"Helping my clients transform their lives has allowed me to witness some amazing leadership evolutions. As a woman leader in a male-dominated industry, I had to learn how to tackle courageous conversations and now work with my executive women clients to do the same. When leaders discover new distinctions about their effectiveness and influence--think new tools, new practices, new insights in self-awareness--it makes a measurable difference in both their professional and personal lives. For those leaders who want to keep growing and generating results, transformational leadership is possible, and I welcome the opportunity to help you get there."

After 14 years at Miller Brewing Company where Ris created the organizational development function, she left to join her husband in their executive coaching company, Leadership Outfitters. Since 1993, they have guided leaders in behavioral change through an approach clients have described as life-altering, inspiring, and profound. Ris has focused her coaching with entrepreneurs, small business leaders, and C-Suite executives.

As an active coach with over 5,000 hours of coaching experience, Ris outfits her clients with the tools and practices to engage in extraordinary leadership, helping already successful leaders create sustainable behavioral change. She is one of a limited number of coaches certified to use Marshall Goldsmith's Stakeholder Centered Coaching with both individuals and teams. 100% of Ris' Stakeholder Centered Coaching clients have achieved measurable improvement and increased effectiveness with their leadership goals.

Ris uses real life applications, not theory, to blend her coaching education with her personal experiences as a corporate leader, government manager, author, and business owner. Clients such as SAB MillerCoors, Capital One, the Mosaic Companies, Kraft Foods USA and Canada, Oracle, Beckman Coulter, and Mystery Ranch appreciate her transforming questions that help capture insights, achieve breakthroughs, add value, and get results. Bottom line—her personal mission is to be a difference maker. And she is.

Ris has written a monthly newspaper business column for over 14 years, and co-hosted a monthly radio show on leadership. She holds a B.S. from Iowa State, and is a graduate of both a three-year Organizational Development Internship on racism and sexism with National Training Labs, as well as a three-year professional development program on Coaching and Leadership offered by the Center for Authentic Leadership. She continued to enhance her coaching career with her graduation from the one-year Ontological Learning Course for experienced coaches offered by Newfield Network. Ris is a member of the International Coach Federation and is a certified Distributor for Insights Discovery.

She is a former Board President of the Prospera Business Network and currently serves on their Women's Advisory Board for the Montana Women's Business Center, who named her their 2011 Mentor of the Year and awarded her their Champion of Excellence in 2018. Ris was also honored with the international Athena Leadership Award for Women in Business in 2014. She is the mother of two exceptional sons, two phenomenal daughters-in-law, and a proud grandmother of five.
